Re: PURA UVB Ultraviolet Sterilizer Replacement Part Numbers Changed

Effective April, 9, 2009, the PURA ultraviolet sterilizer UVB's sump, cap, cap screw, sump wrench and bracket design has been revised. This change greatly improves the quality control of the product by reducing the rejection rates of these parts during production. The following units are affected.

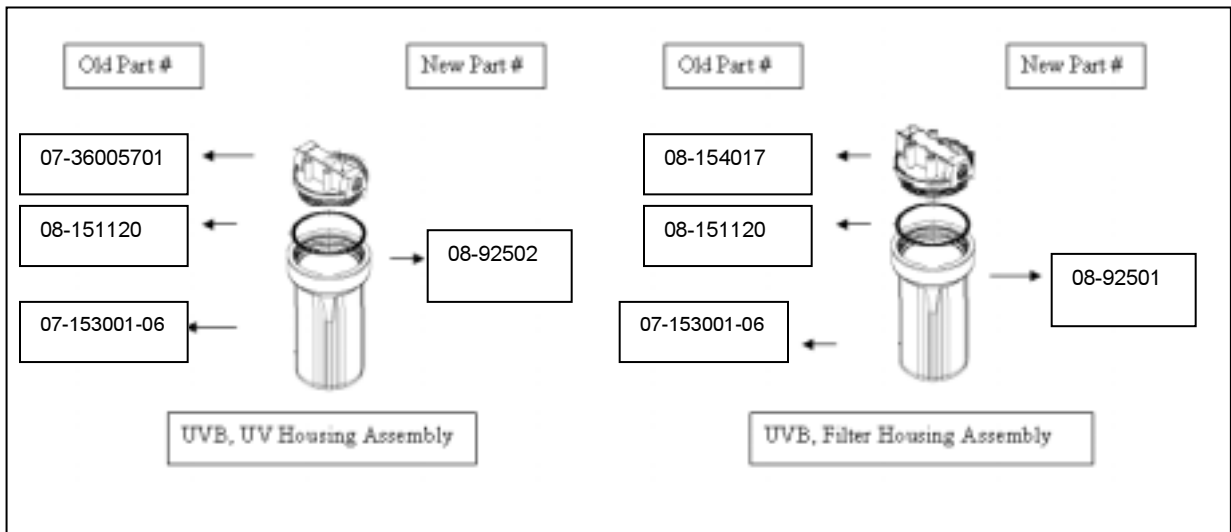

Unit Item #	Unit Model #
UVB Series	
07-15610111	UVB1-EPCB
07-15610411	UVB1-EPCB,NC
07-15610511	UVB1-EPCB,NO
07-15620121	UVB2-EPCB/SD
07-15630131	UVB3-EPCB/GC/SD

The design and item numbers of the following replacement parts will change.

Part Description	Old Item #	New Item #
UVB Series		
O-Ring, Cap	08-151120	08-92502
Sump, UVB	07-153001-06	
Head, UV,UVB	07-36005701	
O-Ring, Cap	08-151120	08-92501
Sump, UVB	07-153001-06	
Head, Filter, UVB	08-154017	
Bracket, UVB-3*	07-31910301	07-31910301
Bracket,UVB-2*	07-31910201	07-31910201
Bracket,UVB-1*	07-31910101	07-31910101
O-Ring, Cap, UVB	08-151120	08-92513
Screw, Cap	07-32701060	07-32701061
Wrench, Sump	08-150295	08-92508

*The part number of the brackets will remain unchanged

The replacement caps, sumps and the "O" rings of UVB units will come in a complete assembly. Please refer to the pictures below. The replacement O-rings for the sumps of UVB are also available.

The replacement parts under the old item numbers are not replaceable and interchangeable with the new parts except for the brackets. The old replacement parts will also remain available. For the UVB units built before April, 9, 2009, the customer can order the old replacement parts.

The installation guide of the PURA UV sterilizers has also been updated and is available on our website. Please see the attached updated manual for your reference.
